

DOWNTOWN

Beginning in the 1930s with the famous WPA murals, the offering of publicly-accessible, outdoor works of art is a proud tradition here. In the early 2000s, various local artists were commissioned to retell Gallup's story through a series of murals on downtown buildings.

Each mural is unique in style and captures the dynamic heritage and history of Gallup. The murals can easily be admired while taking a walking tour of Historic Downtown.

For a detailed brochure explaining each mural, visit the Gallup Chamber of Commerce at 106 West Highway 66 in Downtown Gallup.
